

**SENATE BILL**

**No. 1223**

---

**Introduced by Senator Scott**

February 1, 2006

---

An act to add Section 1367.195 to the Health and Safety Code, and to add Section 10123.75 to the Insurance Code, relating to health care coverage.

LEGISLATIVE COUNSEL'S DIGEST

SB 1223, as amended, Scott. Hearing aids.

Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the regulation of health care service plans by the Department of Managed Health Care. Existing law requires a health care service plan to provide specified coverage to its enrollees and subscribers. Existing law provides that a violation of the act is a crime.

Existing law provides for the regulation of health insurers by the Insurance Commissioner. Existing law requires a health insurance policy to provide specified coverage to insureds.

This bill would require health care service plans and health insurers to *offer or* provide, *as specified*, coverage up to \$1,000 for hearing aids, as defined, to all enrollees, subscribers, and insureds under 18 years of age. The bill would provide that the coverage would not apply to certain types of insurance.

Because this bill would place additional requirements on health care service plans, the violation of which ~~is~~ *would be* a crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state.

Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.

*The people of the State of California do enact as follows:*

31 read:

- 1 crime within the meaning of Section 6 of Article XIII B of the
- 2 California Constitution.
